

Tea Tree Light Hold Styling Cream

Flexible definition with low shine

Adds subtle separation with a flexible hold. Light Hold Styling Cream is also an excellent starter product for those wanting a conditioning styler that is lightweight and easy to use. Great for light control and taming of hair.

Application: Squeeze a small amount into palms. Rub hands together and work throughout damp hair from roots to ends.

Add product to dry hair if you desire more texture.

Features	Benefits
Tea Tree Oil	Helps heal and prevent scalp conditions
Nettle Extract	Add strength and shine to hair
Irish Moss Seaweed Extract	An excellent emollient that aids in easy application and moisture retention
Beeswax	Provides hold and control with flexibility
Water Based	Washes out easily without leaving behind a residue
