

### Lubricating Shave Oil

Concentrated irritation prevention

Non-greasy solution cushions skin for a close, effortless shave. Eucalyptus and clove are just some of the 12 beneficial oils that counter nicks, razor bumps, and ingrown hairs. May be used as a prep under shave cream or gel. Excellent for detail work on sideburns, goatees, etc.  
**Application:** Wet face with warm water. Massage oil into beard and shave as usual.

#### Features

#### Benefits

Twelve Natural Oils

Softens the beard more quickly than cream and allows for a closer shave

Rosemary & Clove Extracts

Natural astringents that penetrate pores, refresh and cool skin while clearing away excess oil, impurities and dead skin cells

Light Oil

Lays lightly on the beard and allows the razor to move more gently across the skin, minimizing nicks, cuts and skin rash
